Academic Leadership Night

Join us on Thursday, April 27th from 5:30-7:00p.m. Join us for games, hands-on activities, coding, and more, all led by students. We can't wait to see you there!

We are continuing with SBAC testing in grades 3-5 and beginning MAP testing in grades K-5. It is important for students to eat a well balanced

breakfast and get lots of sleep. We know testing can be a stressful time for many students. Remind them that if/when they are feeling fatigued to keep pushing through, to persevere and to try his/her best! Watch this inspirational story of [Olympic Athlete Derek Redmond](#) and how he persevered and didn't give up.

Concerns

Occasionally students and/or family members have school-related concerns. First, the student should be urged and coached to speak directly and respectfully to the teacher or student with whom s/he has a concern. If the concern persists, the next step is for the parent/guardian to speak directly to the teacher. If the concern still persists, parents/guardians may call the school office to leave a message for Administration. Please note: an Administrator will respond within 24 hours. Any concerns related to overall school operations should be directed to office personnel. Administrators are willing to meet with families about concerns, but their schedules do not allow for walk-in meetings. Please call to request a meeting with an administrator if you require one. All conferences with school personnel must be pre-arranged. School personnel are only authorized to discuss concerns with adults listed on the registration documents. Thank you in advance for treating all staff with respect when expressing concerns so that we can move forward to resolve your concern collaboratively.
