

Clark County School District

Triggs, Vincent L. ES

2026-2027 School Improvement Plan

Accreditation Status
Accredited

District Approval Date: July 15, 2026

Mission Statement

The mission of Vincent L. Triggs Elementary School is to achieve high academic success by providing a caring environment in which students work collaboratively, think globally, embrace diversity, and become respectful, productive citizens in an ever-changing world.

Our Core Values

Take care of yourself.

Take care of each other.

Take care of this place.

Demographics & Performance Information

Nevada Report Card

In compliance with federal and state law, Nevada's K-12 Accountability Portal provides detailed information about each school's student and staff demographics and school performance rating, a star-rating system based on the Nevada School Performance Framework (NSPF). You can find our School Rating Report at https://nevadareportcard.nv.gov/DI/nv/clark/vincent_l_triggs_elementary_school/nspf/

Comprehensive Needs Assessment

Student Success

Student Success Areas of Strength

As a school, Triggs Elementary School fell in the High Achievement/High Growth quadrant in both reading and math on the Spring 2026 NWEA MAP Assessment.

Our Median Growth Percentile in Math was in the 66th percentile. We increased our overall Math achievement from the 56th percentile to the 66th percentile from Fall 2025 to Spring 2026.

Our Median Growth Percentile in Reading was in the 58th percentile. We increased our overall reading achievement from 60th percentile in Fall 2025 to the 64th percentile in Spring 2026.

Student Success Areas for Growth

Only 53% of students are above the 61st percentile in math, and only 53% of students are above the 61st percentile in reading as measured by the Spring 2026 NWEA MAP Assessment. 56% of students in Grades K-5 met their projected growth from Fall 2025 to Spring 2026 in both reading and math.

Student Success Equity Resource Supports

Student Group	Challenge	Solution
	There is 24% achievement gap between LEP and non LEP students based on Fall MAP projected proficiency. Please note that there is less than 10% of the student population identified as LEP. <u>English Learner (EL) English Language Arts (ELA) Proficiency</u>	All students receive instruction with evidence-based, scientifically researched Tier I instructional materials aligned to the NVACS that are culturally appropriate, relevant, and inclusive to support reading development. Tier II Small Group supplemental Instruction for reading is deployed for all students. Tier II Small Group supplemental instruction deployed for all ELs utilizing the Summit K-12 materials. In addition, Tier II Small Group supplemental instruction was deployed to support EL students with a WIDA score of 3.5 or higher. All ELs are assigned to complete 60 minutes per week

English Learners	Spring 2024: 6.2% of students in Grades 3-5 (1 out of 16) Spring 2025: 28.5% of students in Grades 3-5 (6 out of 21) <u>EL Mathematics Proficiency</u> Spring 2024: 12.5% of students in Grades 3-5 (2 out of 16) Spring 2025: 38.0% of students in Grades 3-5 (8 out of 21) <u>EL WIDA Met AGP</u> Spring 2024: 31.8% of students in Grades 1-5 (7 out of 22) Spring 2025: 55.5% of students in Grades 1-5 (15 out of 27) AB 335 Student Success Root Causes: As evidenced by the Spring 2025 SBAC Assessment, the problem is ELs are performing in the bottom 30th percentile in the state. A root cause of low performance of ELs in language proficiency and content achievement is due to Grade Level Teams collaborating to unwrapping standards but not making necessary adjustments to instruction to integrate proper scaffolds and support for ELL students. Students need additional opportunities to make meaning through student discourse to support students' speaking and writing at the tier I level of instruction. Mathematics Summative Assessment: Increase the percentage of English Language Learners (ELL) proficient in Mathematics from 38.0% in Spring 2025 to 48.0% in Spring 2026 as measured by the SBAC Mathematics Assessment.	on Summit K-12 to support language development in all four language domains. Action Step [1]: Instructional Observation Cycles–Tier I Observational Walks (FocalPoint) will be conducted three times a month for each classroom to monitor student engagement and the integration of discourse strategies Monitoring Plan: The administration will calendar observational walks and debriefs on the master calendar. Person Responsible: Stover, Principal, Okada, Assistant Principal Action Step [2]: The Admin Team and RBG3 strategist will lead professional learning on scaffolding and differentiation for the entire staff and lead PLC meetings with a focus on planning for instruction through the lens of scaffolding and differentiation for EL learners. In addition, administration and strategists will attend monthly Grade Level RTI meetings to provide support in planning for Tier I reading instruction. Monitoring Plan: The administration and RBG3 Strategist will calendar PLC and RTI meetings and utilize a running agenda to track the progress of the professional learning and support provided. Person Responsible–Annemarie Stover, Principal, Matthew Okada, Assistant Principal, Heather Callahan (RBG3 Strategist), Christopher Enrile (Second Grade Teacher/ELL Success Advocate) Professional Learning [1] for Teachers: Strategists will conduct data dives to discuss WIDA/SBAC summative assessments with staff to support planning and instruction for ELs Staff will attend Summit K-12 English Professional Learning to support the implementation of tier II supports for ELs
-------------------------	--	--

	ELA Summative Assessment: Assessment: Increase the percentage of English Language Learners (ELL) proficient in English Language Arts from 28.5% in Spring 2025 to 38.5% in Spring 2026 as measured by the SBAC English Language Arts Assessment. Language Summative Assessment: Assessment: Increase the Adequate Growth Percentile (AGP) of English Language Learners (ELL) from 55.5% in Spring 2025 to 60% in May 2026 as measured by the WIDA Assessment.	RBG3 Strategist and ELL Success Advocate will provide professional learning on strategies to support EL learners when planning for instruction using QTEL strategies and tools from EL Excellence Every Day as a resource. Instructional Coaching Cycles (focus on the implementation of Tier I curriculum--HMH Into Reading/95 Core Phonics/enVision Math) Professional Learning for RBG3: QTEL Strategies Admin and RBG3 Strategist will attend professional learning sessions on scaffolding/differentiating Tier I instruction. Provide language scaffolding for learning intentions
Foster/Homeless	Disruptions in housing can negatively affect academic achievement and/or attendance rates. Students face challenges related to the hierarchy of basic needs (e.g., housing instability, food insecurity), which can affect their ability to fully engage in academic learning.	The school counselor will implement wrap-around services to increase student attendance.
Free and Reduced Lunch	Students face challenges related to the hierarchy of basic needs (e.g., housing instability, food insecurity), which can affect their ability to fully engage in academic learning.	Provide at home books for reading practice.
Migrant/Title I-C Eligible	N/A	N/A

Student Group	Challenge	Solution
Racial/Ethnic Minorities	Data indicates that students from certain racial and ethnic groups are experiencing academic performance gaps. These disparities highlight the need for culturally responsive practices, targeted supports, and equitable access to high-quality instruction.	Track MAP math data across student groups and adjust differentiated grouping as needed. Utilize a learning strategist to provide tiered interventions and acceleration for students.
Students with IEPs	Students receiving special education services may experience academic challenges related to their identified learning needs, which require individualized supports and interventions to ensure access to grade-level content.	Provide Tier 1 resources to resource room teachers to support grade level alignment

Problem Statements Identifying Student Success Needs

Problem Statement 1 (Prioritized): Overall math and reading proficiency is low. Only 50% of students in Grades 2-5 are projected to be proficient in Math and 50% of students in Grades 2-5 are projected to be proficient in reading on the Spring 2026 SBAC Assessment as measured by the Spring 2026 NWEA MAP Assessment. Only 34% of Third Grade students are projected to be proficient in reading. 43% of Third Grade students are projected to be proficient in math as measured by the Spring 2026 NWEA MAP Assessment. Students who are not proficient in math and reading will continue to fall behind because math and reading standards build upon previous understanding.

Critical Root Cause: While grade level teams collaborate weekly to discuss Tier I reading instruction and have made strong gains in forward lesson planning for the upcoming week of reading instruction using Tier I instructional materials, lesson planning support is still needed to enhance Tier I math instruction. As a result, not all staff/grade level team members have the same level of expertise of the Tier I plans and instruction. In addition, student work analysis and lesson rehearsal is not consistently implemented during PLC time.

Inquiry Area 1: Student Success

SMART Goal 1:

Increase the percent of students scoring above the 61st percentile in Math from XX% in Fall 2026 to XX% in Spring 2026 as measured by i-Ready Inform Math Assessment.

Formative Measures: i-Ready Inform Math Assessment and enVision Mathematics Topic Summative Assessments

Aligns with District Goal

Action #	Actions for Implementation	Person(s) Responsible	Timeline	Complete	Oct	Feb	June
1	Counselor, School Clerk, and Admin Team will develop an attendance tracking system to monitor and provide support for chronically absent students.	Counselor, School Clerk, and Admin Team	August 2026 to May 2027		No review	No review	
2	Admin Team, Counselor, and School Clerk will meet each month to review attendance data and determine next steps/supports.	Counselor, School Clerk, and Admin Team	August 2026 to May 2027				
3	MTSS Team and Student Engagement Team will develop an attendance incentive program to celebrate positive individual, class, and grade level attendance achievement.	MTSS Team, Student Engagement Team, School Counselor, School Clerk, Classroom Teachers, Admin Team	August 2026 to May 2027				
4	Admin Team and School Counselor will meet with Kindergarten and First Grade families to discuss positive attendance supports and strategies.	Admin Team and School Counselor	August 2026 to October 2026 (First Quarter)				
Position Responsible: Admin Team and School Counselor Resources Needed: Money for attendance incentives Time for implementation of incentives and parent engagement sessions/follow up Evidence Level Level 1: Strong: PBIS (1) Level 2: Moderate: Progress Monitoring (2) Problem Statements/Critical Root Cause: Connectedness 1							

Priority Problem Statements

Problem Statement 1: Overall math and reading proficiency is low. Only 50% of students in Grades 2-5 are projected to be proficient in Math and 50% of students in Grades 2-5 are projected to be proficient in reading on the Spring 2026 SBAC Assessment as measured by the Spring 2026 NWEA MAP Assessment. Only 34% of Third Grade students are projected to be proficient in reading. 43% of Third Grade students are projected to be proficient in math as measured by the Spring 2026 NWEA MAP Assessment. Students who are not proficient in math and reading will continue to fall behind because math and reading standards build upon previous understanding.

Critical Root Cause 1: While grade level teams collaborate weekly to discuss Tier I reading instruction and have made strong gains in forward lesson planning for the upcoming week of reading instruction using Tier I instructional materials, lesson planning support is still needed to enhance Tier I math instruction. As a result, not all staff/grade level team members have the same level of expertise of the Tier I plans and instruction. In addition, student work analysis and lesson rehearsal is not consistently implemented during PLC time.

Problem Statement 1 Areas: Student Success

Problem Statement 2: Due to 95 Phonics Core Program and HMH Into Reading being newly implemented Tier I curriculums, additional targeted professional learning is needed for teachers to fully implement the Tier I Reading curriculum.

Critical Root Cause 2: Triggs ES Staff did not have access to the 95 Phonics Core and HMH Into Reading professional learning materials as well as lacked time for professional learning and collaboration due to the LETRS professional development series being implemented on all Staff Development Days for the last two years. While the Collaborative Lesson Design Model was implemented school wide, there was not a full implementation for the entire school year as each grade level adopted it at a different time and was working at a different implementation pace.

Problem Statement 2 Areas: Adult Learning Culture

Problem Statement 3: 18.6% of students were chronically absent during the 2025-2026 school year.

Critical Root Cause 3: Parents are not always fully aware of how attendance impacts academic performance and behavior in the elementary grades. Chronically absent students are not always consistently monitored. Families are dealing with trauma and are sometimes unable to send their children to school due to outside concerns.

Problem Statement 3 Areas: Connectedness

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Student Success

- MAP Growth Assessment
- Nevada State Performance Framework (NSPF)
- Smarter Balanced (SBAC)
- Student Climate Survey, Student Voice
- WIDA ACCESS for ELLs
- WIDA Screener
- Other
 - TSG data (Pre-K only), ESGI data (Kindergarten only), KEA data (Kindergarten only), FastBridge, PBIS data, Focal Point Tier I Instructional data, HMH/95 Phonics/enVision Look For tools, and NEPF observational data

Adult Learning Culture

- Coaching Logs
- Lesson Plans
- Master schedule
- Professional Development Agendas
- Professional learning communities (PLC) data/agenda/notes
- Walk-through data

Connectedness

- Attendance
- Behavior
- Community surveys and/or other feedback
- PBIS/MTSS data
- Perception/survey data
- Social Emotional Learning Data

Plan Notes

Funding Source	Amount	Purpose(s) for which funds are used	Applicable Goal(s)
General Funds Allocation	\$5,518,290.57	Classroom teachers, instructional strategists, support staff, instructional supplies, custodial operations	Goals 1, 2, and 3
At-Risk Weighted Allocation	\$182,560.00	Classroom teachers, instructional assistant	Goals 1 and 2
EL Weighted Allocation	\$121,753.30	Classroom teachers	Goals 1 and 2
General Carry Forward	\$186,363.57	Classroom teachers, instructional assistants, instructional supplies	Goals 1, 2, and 3
At-Risk Weighted Carry Forward	\$104,811.55	Classroom teachers	Goals 1 and 2
EL Weighted Carry Forward	\$ 42	Classroom teachers	Goals 1 and 2
Title IA	\$ N/A	N/A	N/A
Apex Fundraiser	\$40,000 (estimated)	Library books, student incentives, teacher incentives, field trips	Goals 1, 2, and 3
